

Bikesafe Southwest 2011

Following the success of last years event at Castle Combe race circuit, this year the South West Region Police Forces are returning hoping to repeat the success which saw 267 riders complete a one hour on road assessed ride with a Police Advanced Motorcyclist followed by a fifteen minute track experience around the circuit .

The date for this year is **Saturday June 4th**.

For this event we have hired the Castle Combe Circuit and all its facilities to provide participating riders the opportunity to ride around the circuit supervised by Castle Combe's own riders for a 15 minute session after receiving a full safety briefing, but not before completing a one hour on road ride out with a Police Advanced Motorcyclist on a two to one basis.

To book for the event just print off the application form below, (Pdf. file) and send it to the address within, complete with a cheque for £25. Riders will then be notified of their allocated time slot for the ride out and track session. It is important that all fields are completed fully and email addresses printed clearly. Spaces will be allocated on a first come first served basis. Please consider last year we were fully booked.

Riders taking part in the track session are required to wear one piece leathers, two piece zip together leathers or suitable equivalent

There will be something for everyone, even if you're not participating in the Police assessed ride and track experience, attractions include

"Steve Colley Motorcycle Stunt Show"

Plus the opportunity to come along and meet the staff from the **"Fast Bikes"** magazine.

Local motorcycle main dealers and others attending with a wide range of motorcycles on display, clothing and accessories for sale.

Parking and entry to show is totally free, spectators welcome.

The event focus remains the same as before, Road and Rider safety. The message is, that further rider training, post test, can dramatically reduce the risk of involvement in serious or fatal incidents.

The Police ride out and track experience is open to any rider who holds a full motorcycle licence.

Due to strict legislation which Castle Combe Circuit must comply with, a noise limit of 105db applies to all bikes on the circuit.
